

■ Our oil & gas projects

Vietsovetro construction yard

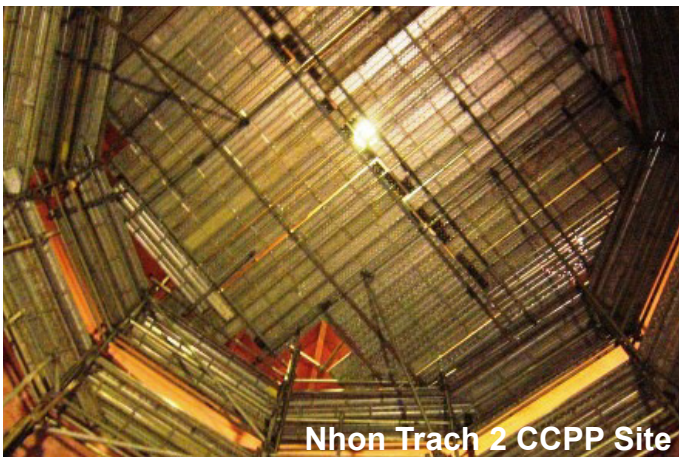

■ Vivablast has executed 1,700 m² of TSA - Thermal Spray Aluminum coating works for the Flare Boom Topside Moc Tinh (Bien Dong 1 Project), as Subcontractor of **Vietsovetro** Company at their Vung Tau Workshop. Vivablast applies specification BD-00-M-S-0331 - Coating System BD11 and with our best cooperation with **Vietsovetro** Team have enabled Vivablast to perform high-productivity as per the Project planning and load-out schedule.

Dung Quat Refinery

■ Vivablast has performed the surface preparation and internal lining treatment with Belzona 1591 of two drums D1901 / 1902 under Belzona Supervision and Vivablast Supervision for the Dung Quat Refinery Project for **Technip - JGC**. Vivablast has also finished its maintenance field touch-up works on the Sea Water Line internal coating.

■ Our power generation projects

Nhon Trach 2 CAPP Site

■ Our activity at Nhon Trach 2 Site has been further extended. We have been awarded by **Lilama 18 JSC** the full lining revamping of condensate and demin water tank. This Project is essential to perform the commissioning of the Nhon Trach 2 Power Plant to the final Owner **PV Power**.

■ Our other projects

Binh Chieu Factory

■ At Vivablast Workshop in Ho Chi Minh City, our professional blasting, coating, fabrication and anti-corrosion services have been delivered for the 20ft Waste Water Treatment Container Project for **COMMON GROUND RESOURCES, INC**. This container will be exported to the USA and demand Vivablast's intensive resources to meet deadlines and quality standard set. Vivablast proudly delivered best results for this new Client.
