

■ **VIVABLAST POWER PROJECT**

■ **Vivablast** certified manpower have been mobilized to carry out the works as per client's shutdown schedule. We deliver thermal insulation solution to **local Major Power Generation Group** ensuring continuous electric supply to **Vietnam Electric network**.

■ **VIVABLAST WORKSHOP PROJECT**

■ **Vivablast Thailand** skilled technicians have performed abrasive blasting and coating application for steel structure and steel pipes as per SSPC standards. These components will be erected for a Large Oil Thai firm in Laem Cha Bang Chonburi as part of **CUI (Corrosion Under Insulation)** prevention scheme.

■ **VIVABLAST MANUFACTURING PROJECT**

■ **Vivablast** team carried out BS 1139 scaffolding to sustain blasting and coating work of power plant diverters. By mastering all trades, our professionals are reduced to the strict minimum providing flexibility to carry out the appointed work effectively.

■ **VIVABLAST WORKSHOP PROJECT**

■ **Vivablast Myanmar** team executed mechanical touch up and polyurethane top coat application for aircraft Hanger Doors shelter in the newest **Yangon International Airport**.
