

**HEAT EXCHANGER CLEANING:**  
HYDROBLASTING AT ITS BEST

The condition of heat exchangers significantly affects the equipment performance. Over time, deposits of dirt and rust that cover surfaces, may cause loss of power, overheating, high energy bills and eventually lead to equipment breakdown. The solution is simple – make sure your heat exchangers are cleaned regularly.

VIVABLAST offers professional HP/ UHP Water Jetting Solutions which help to maintain the health of heat exchangers. It is a safe, powerful and cost-effective way to remove deposits and other particles, ensuring the best efficiency at all times. ■

**POWER PLANT DIFFUSER REPAIRS:**  
WHEN EXPERIENCE MATTERS

A diffuser system is an integral element of a power plant's operation that helps to reduce harmful environmental impacts. VIVABLAST was chosen as the main contractor for providing diffuser system repair works at a Power Plant located in the South of Vietnam and has successfully completed the project this month.

VIVABLAST gained the trust of many clients thanks to our broad experience in maintenance support for various industries and commitment to excellence. ■

**REDUCE SHUTDOWNS:**  
COLD BONDING IN ACTION

Steel plate cold bonding can be a great alternative to welding. Fast, safe, reliable and versatile – cold bonding method reinforces structures, protects surfaces from external corrosion and prolongs the life cycle of valuable assets.

VIVABLAST implements this maintenance solution applied to structures and pipelines. The process does not involve hot work, sparks or mechanical equipment usage and, therefore, helps to complete the fix with minimal operational disruption. ■

**VIVABLAST COLLABORATION:**  
INTERNATIONAL DISTRIBUTORS MEETING 2018

Our Team has participated in the International Distributors Meeting Asia 2018. Hosted by CTP Environment Group, it was a pleasant and informative experience. All participants had the opportunity to learn more about each other's fields of expertise.

VIVABLAST professionals took part in discussing targets set for the New Year 2019 and sought to find ways and approaches, for the completion of mutual goals. ■
